

**HOUSE
NORDIC**

DESIGNED TO CREATE VALUE

Spring / Summer 2026

WELCOME TO THE HOUSE NORDIC UNIVERSE!

House Nordic is a Danish growth company founded by Henrik Jørgensen in 2017, now active in more than 50 countries. Based on the island of Funen, Denmark, and supported by more than 100 dedicated employees, we've grown from a startup dream into a trusted B2B partner in Nordic home design.

Our collections are inspired by the bright, simple, and functional aesthetics that define Scandinavian design.

We blend design and business insight with a sharp eye for trends — always focused on creating value for both our retail partners and their customers.

With flexible partnership models, high stock availability, fast delivery, and modern digital solutions, we make working together easy, efficient, and inspiring.

Whether you're a small retailer or a large chain, House Nordic offers scalable solutions tailored to your needs.

Through trend-driven assortments, high-volume capabilities, and a commitment to service, our products create spaces where people feel at home, thrive, and grow.

We are curious and courageous and think innovatively. We seek to improve what already exists – always with respect for each other, our customers and our world.

We look forward to being part of your journey.

Henrik Jørgensen
CEO & Founder of House Nordic

A SEASON
DEFINED BY **TEXTURE**
AND TACTILITY

Spring/Summer 2026 embraces a home built on sensory calm. The combination of wood, stone, ceramics and structured textiles forms the foundation of the season, while steel and chrome add a refined, modern contrast. This interplay — **the Material Mix** — is the essence of the trend: **layered, balanced, and quietly expressive.**

House Nordic's signature palette of black, whites, sands and warm browns sets a gentle backdrop for the season's accent colors — **blues, greens and deep reds.** Key colors are used on larger elements, while trend colors act as subtle highlights that enhance the material stories.

FROM TREND TO HOME

On the following pages, you can explore how these trends can be incorporated into your styling — both indoors and outdoors.

LAYERED
NATURAL
MATERIALS

COMBINE WOOD, CERAMICS, METAL AND TEXTURED FABRICS TO CREATE DEPTH AND WARMTH.
ROUNDED SILHOUETTES AND CLEAN LINES ANCHOR THE INTERIOR WITH SOFTNESS AND CLARITY.
SMALL HANDMADE ELEMENTS ADD NOSTALGIA AND AUTHENTICITY TO A MODERN HOME.
USE NEUTRALS AS A BASE AND INTRODUCE KEY COLORS THROUGH FURNITURE, TEXTILES OR ART.

BLEND WOOD, WOVEN STRUCTURES, CERAMICS AND LIGHT METAL FRAMES TO ECHO THE OUTDOORS.
SOFT CUSHIONS, TACTILE TEXTILES AND ORGANIC FORMS TURN THE TERRACE INTO AN OASIS.
NEUTRAL SHADES AND SELECTIVE KEY COLORS CONNECT THE STYLING TO THE LANDSCAPE AROUND IT.

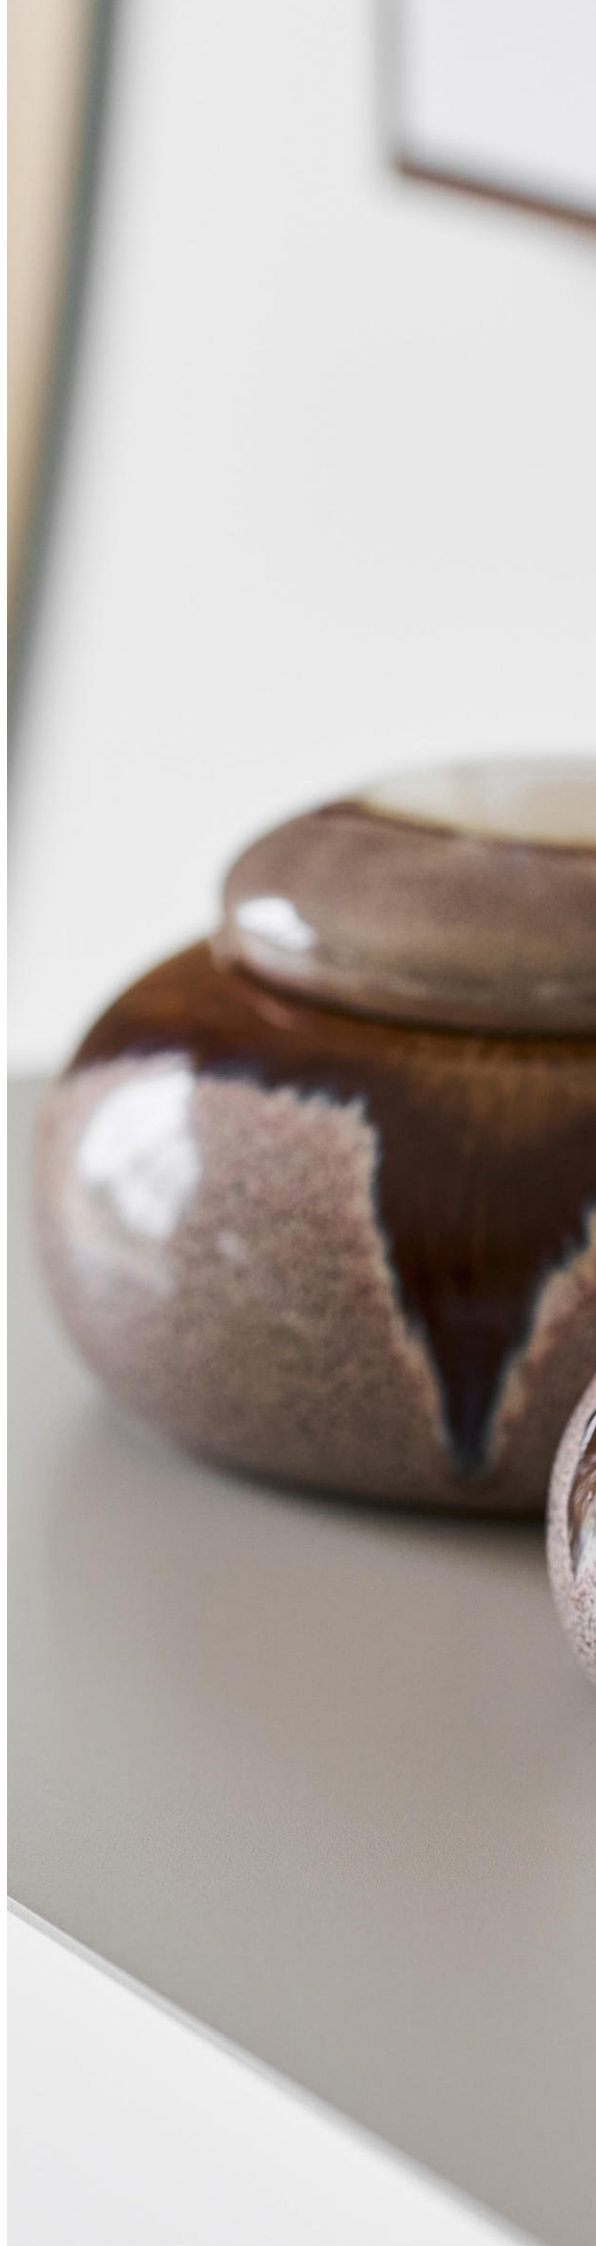

MODERN
CONTRASTS

ACCESSORIES

We are constantly expanding our diverse range of accessories, featuring vases, cushions, mirrors, wall clocks, canvas art, blankets, planters, lighting – and so much more.

Enjoy!

SAN MARINO WATERDROPS

San Marino is a collection of unique sculptures produced from the finest teak wood and glass.
The collection consists of 5 different models in different sizes.

When purchasing a San Marino Waterdrop, you get an exquisite product produced with focus and respect for the finest craftsmanship. The decorative and organic teak wood is therefore totally unique.
Variations from the product image will therefore occur.

LIDO LOUNGE SOFA

The Lido Lounge Sofa comes in variety of trendy colors and soft delicate fabric material. From neutral grey and beige colors to Nordic blue, warm green and hot yellow.

All colors have their own unique HN color code, which ensures color consistency and quality across the different designs.

Search the color code on [housenordic.dk](https://www.housenordic.dk) to see other products with same color code across product categories.

Soft velvet or fabric.

Our rugs are made from the finest PET yarn adopted from recycled plastic bottles. The hair-thin polyester fibers provide an exceptional softness and wool-like texture. The process from recycled plastic bottles to a ready-to-use rug is time-consuming but eco-friendly. The material withstands water, sunlight and dirt exceptionally - and thereby an excellent choice for both indoor and outdoor use
